7. Wildland billings have been submitted for 4 incidents.

8. The primary property tax/FDAT/Debt Service rates were recently increased approximately 4.8%. Although we are bound by our \$3.25 tax levy, we may see a slight increase in overall collections this year. Our assessed values for next year will be calculated on the limited assessed values, and, there will be a decrease in the assessment rates for both commercial and agricultural property. At this time, we cannot safely predict what the impact will be for the next fiscal budget.

Chairman Castaneda stated that the historically, the Fire Board has asked the public to provide a letter of interest in sitting on the Board. Counsel Wencker stated that having people express their interest in this way is a positive first step and may be indicative of their intent to serve.

Chairman Castaneda motioned:

- to accept letters of interest from the public until the close of business on September 16, 2015
- to hold formal interviews at the September 23<sup>rd</sup> Board meeting
- to have the new Board member sworn in at the October 28<sup>th</sup> Board meeting.

Director Horch seconded. The vote was unanimous, 4:0. *Motion carried.*

**12) Review, Discussion and possible Action regarding expenditures for new server and microwave link.**

The new server has been installed and the microwave link is working well. The District completed the project for significantly less than the projected cost. We will add a generator backup to the entire building in the near future. All the stations are connected through the microwave link, and even with the recent severe storm activity, we have had no issues.

**13) Review, Discussion and possible Action regarding the building projects**

Painting and cabinet installation is currently taking place at Station 192. The permit came through yesterday to connect the driveway to the street. We are on target to move in and begin running calls sometime in September. Once Station 193 is done, the remodel will begin at Station 191.
